

ESCAPE ROOMS OF NEW ENGLAND PRESENTS

The weather in New England is as diverse as its residents, but in order to plant a Victory Garden, it is important to do so in the best conditions possible. Use the observations below to identify what weather condition occurred on each day of the month.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
	1	2	3	4	5	6
7	8	9	10	11	12	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
28	29	30	31			

sun

snow

hail

sleet

fog

rain

clouds

twister

WEATHER CONDITIONS

- All days whose sums of digits equal 8 were foggy
- Two diagonally adjoining even-numbered days whose sum equals 36 were snowy
- Odd-numbered days that follow a foggy day were rainy
- All Saturdays except one were sunny
- The first, middle and last days of the month had weather that began with an s and hasn't been mentioned yet
- All foggy days except one came after cloudy days
- Cloudy days followed all snowy days
- Only two Thursdays were cloudy, and they were two weeks apart
- Two Sundays of the month had hail
- There was a twister on the 18th
- The rest of the even-numbered days were the same as the majority of Saturdays
- The remaining days were cloudy

The only day we can plant this month is on a sunny Friday.

Click on the **SUBMIT ANSWER** button to enter the sum of the Victory Garden vegetables multiplied by the sunny Friday date.
